HELLO SUMMERTIME!

NOTE FROM THE PRESIDENT

Summer is here! It has been beautiful and looking forward to the longer days.

As we know, we have white tail deer who enjoy spending time in our neighborhood. This probably brings a bit of excitement to the day as you take pause to watch them. Also willing to bet on a few occasions you have found evidence of their browsing and cursed them under your breath. Living among wild animals has its pros and cons. The best way to keep these negatives to a minimum is to not feed the deer. The City of Rochester

Hills has an ordinance in place making it illegal to feed deer and other wild animals except birds. If you are having issues with damage from deer or have concerns about a sick or dead deer you can contact the City's Parks Department at 248-656-4673 for help. The City also has a Deer Management Advisory Committee which monitors the local deer herd and issues associates with them. More information about this committee can be found on the City website or you can call 248-841-2460.
